introduction

What’s good for your heart is great for your taste buds! The recipes in this cookbook show that you don’t have to lose flavor to eat nutritious foods. *Keep the Beat™ Recipes: Deliciously Healthy Dinners* contains 75 heart healthy recipes. More than two-thirds of these recipes were created for the National Heart, Lung, and Blood Institute (NHLBI) by a Culinary Institute of America-trained chef and a James Beard Foundation award-winning registered dietitian. The remaining recipes come from popular NHLBI cookbooks—*Keep the Beat™ Heart Healthy Recipes from the NHLBI, Heart Healthy Home Cooking African American Style,* and *Delicious Heart Healthy Latino Recipes.*

*Keep the Beat™ Recipes: Deliciously Healthy Dinners* is part of a planned series of new “Keep the Beat™” cookbooks from the NHLBI.

eating for health

Staying healthy can be a challenge, but lifestyle changes like eating healthfully and being physically active can help lower your risk for heart disease and other conditions.

One way to eat a healthy diet is to choose a variety of foods. Variety matters because no food has all the nutrients that your heart and the rest of your body need. A healthy eating plan is one that:

- Emphasizes fruits, vegetables, whole grains, and fat-free or low-fat milk and milk products
- Includes lean meats, poultry, fish, beans, eggs, and nuts
- Is low in saturated fat, *trans* fat, cholesterol, sodium, and added sugars

Also, think about what you drink—choose nonalcoholic, low/no-calorie options such as water, skim milk, iced tea, club soda, diet soda, and sparkling beverages as a substitute for regular, sweetened beverages.

When it comes to eating healthfully, portion size also matters. The recipes in this cookbook are designed to give you a satisfying portion, while helping you stay within your calorie limits.
cooking a multicultural feast

Whether you’re an experienced cook or you shy away from the kitchen, Keep the Beat™ Recipes: Deliciously Healthy Dinners can help you prepare dishes that have an American, Latino, Mediterranean, or Asian flair.

Aside from being healthy, the recipes also are reasonably quick and easy to prepare. Most of the main-dish meals take no more than 40 minutes to prepare and cook. Side dishes cook in 30 minutes or less. Some of the ingredients may be new to you, such as fish sauce and rice vinegar (which are used in many Asian dishes) and low-sodium products. You can find these and other ingredients in most grocery stores. Try looking in the spice, ethnic, or health food section of your local store. If you can’t find products labeled "low-sodium," compare the Nutrition Facts panels on available products to find the one with the lowest amount of sodium. We also have suggested a select number of ingredient substitutions in the appendix on page 136. For dishes that include fresh fruits, vegetables, and herbs, consider buying produce at your local farmer’s market.

The recipes in this cookbook also are limited in fat, saturated fat, trans fat, cholesterol, sodium, and calories. They use lean cuts of meat, poultry without the skin, fish, beans, whole grains, fruits, vegetables, small amounts of vegetable oil, and lots of herbs and spices for flavor. Most of all, these recipes are delicious. Try them on a weeknight, weekend, or special occasion.

For more information on how to shop for, prepare, and serve healthy meals, see the appendixes for tools such as:

• A list of heart healthy items to keep stocked in your kitchen
• A glossary of common cooking terms
• A “how to” guide for commonly asked cooking questions
• Temperature rules for cooking food safely

We hope you will enjoy the recipes in this cookbook.

greek-style flank steak with
tangy yogurt sauce

lemon, garlic, and oregano bring out the flavors of this bold and flavorful Mediterranean dish

1 beef flank steak (12 oz)

For marinade:
¼ C lemon juice
1 Tbsp olive oil
2 tsp fresh oregano, rinsed, dried, and chopped (or ½ tsp dried)
1 Tbsp garlic, minced (about 2–3 cloves)

For yogurt sauce:
1 C cucumber, peeled, seeded, and chopped
1 C nonfat plain yogurt
2 Tbsp lemon juice
1 Tbsp fresh dill, rinsed, dried, and chopped (or 1 tsp dried)
1 Tbsp garlic, minced (about 2–3 cloves)
½ tsp salt

For the marinade, combine lemon juice, olive oil, oregano, and garlic in a large bowl.

Lay steak in a flat container with sides and pour marinade over the steak. Let the steak marinate for at least 20 minutes or up to 24 hours, turning several times.

Combine all the ingredients for the yogurt sauce. Set yogurt sauce aside for at least 15 minutes to blend flavors. (Sauce can be prepared up to 1 hour in advance and refrigerated.)

Preheat oven broiler on high temperature, with the rack 3 inches from heat source.

Broil steak for about 10 minutes on each side (to a minimum internal temperature of 145 °F). Let cool for 5 minutes before carving.

Slice thinly across the grain into 12 slices (1 ounce each).*

Serve three slices of the steak with ½ cup yogurt sauce on the side.

Tip: Try serving in a sandwich with pita bread, lettuce, and tomato.

* For description of how to cut meat across the grain, see FAQs in appendix C (on page 135).

Japanese-style Beef and Noodle Soup

This hearty main-meal soup is flavorful, yet simple to prepare.

For broth:
- 4 oz shiitake mushroom stems, rinsed (remove caps and set aside) (or substitute dried shiitake mushrooms)
- 1 Tbsp garlic, minced (about 2–3 cloves)
- 1 Tbsp ginger, minced
- 1 stalk lemongrass, crushed (or the zest from 1 lemon: Use a peeler to grate a thin layer of skin off a lemon)
- 1 Tbsp ground coriander
- 4 C low-sodium beef broth
- 1 Tbsp lite soy sauce

For meat and vegetables:
- 1 bag (12 oz) frozen vegetable stir-fry
- 4 oz shiitake mushrooms caps, rinsed and quartered
- 8 oz udon or soba noodles (or substitute angel hair pasta), cooked
- 1 lb lean beef top sirloin, sliced very thin
- 4 oz firm silken tofu, diced
- ¼ C scallions (green onions), rinsed and sliced thin

1. Thaw frozen vegetables in the microwave (or place entire bag in a bowl of hot water for about 10 minutes). Set aside until step 4.
2. Combine all ingredients for broth, except soy sauce, in a medium-sized pot or saucepan. Bring to a boil over high heat, then lower heat and simmer for 15 minutes.
3. Strain the broth through a fine wire colander, and discard the solid parts. Season to taste with soy sauce.

japanese-style beef and noodle soup (continued)

4. To finish the soup, bring the broth back to a boil. Add the thawed vegetable stir-fry mix and mushroom caps, and simmer for 1 minute.

5. Add the noodles and continue to simmer for another minute.

6. Add the beef and continue to simmer for about 5 minutes or until the beef is slightly pink to brown (to a minimum internal temperature of 145 °F).

7. Add tofu and scallions, and simmer 1–2 minutes until heated through.

8. Serve immediately in 1-cup portions.

**Hint:** There are several varieties of tofu, each with a different moisture level. Silken and soft tofu are the moistest and easily blended into shakes, dips, and dressings. Regular tofu is less moist, and it’s best for scrambling or using like cheese in casseroles. Firm, extra-firm, and pressed tofus are the driest. They absorb other flavors easily and hold their shape in stir-fries and on the grill.

1. In a sauté pan, brown the ground beef.
2. Drain off the extra fat by tilting the sauté pan over a disposable cup in the sink to collect the fat. Use the lid to shield the meat from falling out. After the fat has turned solid, discard the cup in the trash.

4. Cover sauté pan with lid, and cook over medium heat until boiling.

oven-crusted chicken breast

a healthy way to fry chicken

For chicken:
- 4 boneless, skinless chicken breasts (3 oz each)
- 1 egg white (or substitute liquid egg white)
- 1 C fat-free evaporated milk
- 1 C breadcrumbs
- ¼ C rolled oats, crushed; pulse a few times in the food processor or crush between fingers to make smaller pieces
- 1 C whole-wheat flour
- 2 Tbsp olive oil or vegetable oil

For salad:
- 2 Tbsp lemon juice
- ½ Tbsp olive oil
- 4 C red leaf lettuce, rinsed and dried
- 1 C cherry tomatoes, rinsed and halved
- ¼ tsp salt
- ¼ tsp ground black pepper

Tip: Try serving with a side of oven-roasted potatoes.

1. Preheat oven to 350 °F.
2. Place chicken in a freezer bag with the air squeezed out, and pound each breast down to ½-inch thickness.
3. Combine the egg white and evaporated milk in a bowl, and mix well. In a separate bowl, combine the breadcrumbs and crushed oats, and mix well.
4. Coat the chicken breasts in flour, and shake off the excess. Dip the chicken breasts in the egg and milk mixture, and drain off the excess. Then dip the chicken breasts in the breadcrumb mixture to coat, and shake off the excess. After all chicken breasts have been coated, discard any leftover breading mixture.
5. Heat oil in a large sauté pan. Stir fry the chicken over medium-high heat on one side until golden brown, about 2–3 minutes. Turn carefully, and pan fry the second side for an additional 2–3 minutes or until golden brown. Remove from the pan, and place on paper towels to soak up excess oil. Place on baking sheet, and finish cooking in a 350 °F oven for about 5–8 minutes (to a minimum internal temperature of 165 °F).
6. For the salad, combine lemon juice and olive oil, and mix well to make a dressing. Toss the lettuce leaves and cherry tomatoes with the dressing, salt, and pepper.
7. Serve 1 cup salad with one piece of chicken.

here’s a trick to treat the taste buds—remove the fat from the chicken broth and add low-fat milk to get a healthy sauce that tastes rich and looks creamy

12 oz white fish (such as cod, sole, or turbot), cut into 4 portions (3 oz each)

¼ tsp salt

⅛ tsp ground black pepper

¼ C dry white wine

¼ C chicken broth; skim fat from the top

pork mignons with

french applesauce

Prep time: 15 minutes
Cook time: 25 minutes

1 pair pork tenderloins (about 2 lb)
1/4 tsp salt
1/8 tsp ground black pepper
2 medium apples, rinsed and cored, but not peeled (try Golden Delicious or Rome)
2 Tbsp dark seedless raisins
2 Tbsp walnuts, broken into coarse pieces
1/2 tsp cinnamon

Coating spray

1. Preheat oven broiler on high temperature, with the rack 3 inches from heat source.
2. Cover broiler pan with aluminum foil for easy cleanup. Spray foil lightly with cooking spray. Set aside.
3. Cut 8 slices (pork rounds), each 1 1/2 inches thick, from the center of the pair of pork tenderloins. Refrigerate or freeze the ends for another use. Place pork rounds on the foil-covered broiler pan. Sprinkle with salt and pepper. Set aside a few minutes while broiler heats.
4. Meanwhile, heat 1/2 cup water to boiling in a medium nonstick pan. Slice cored apples from top to bottom in 1/4-inch wide pieces. Add apples, raisins, walnuts, and cinnamon to boiling water. Reduce heat to medium. Cover. Simmer, stirring occasionally, until apples are soft and easily pierced with a fork. Set aside until pork is cooked.

Use the ripest tomatoes to create a fresh pasta sauce for this dish.

**pasta caprese**

8 oz whole-wheat thin spaghetti
1 Tbsp olive oil
4 large tomatoes, rinsed, cored, and cubed
¼ C fresh basil leaves, rinsed, dried, and cut into ⅛-inch wide slivers

8 pitted black olives, cut into long slivers

1. In a 4-quart saucepan, bring 3 quarts of water to a boil over high heat.

turkey bolognese with shell pasta

anise seed makes turkey taste like Italian sausage, with none of the saturated fat; the red wine and dried mushrooms make this a uniquely delicious dish

1½ C dry red wine (optional)
½ oz dried porcini mushrooms (optional)
1 C onion, chopped
½ C celery, rinsed and chopped
1 C carrots, rinsed and thinly sliced or shredded
1 Tbsp garlic, pressed or finely chopped (about 2–3 cloves)
1 Tbsp olive oil
12 oz 99 percent lean ground turkey
1 tsp anise seed
¼ tsp salt
8 oz medium shell pasta
4 Tbsp no-salt-added tomato paste
½ C shredded parmesan cheese

1 Optional step: Bring the wine to a boil in a medium saucepan. Break up the mushrooms, then stir them into the wine. Cover, reduce heat, and simmer for 20 minutes.

2 Finely chop the onion, celery, carrots, and garlic. Or you can coarsely chop them, place them in a food processor, and pulse until all vegetables are finely chopped.

3 In a 4-quart saucepan, bring 3 quarts of water to a boil over high heat.

4 While the water is heating up, warm the olive oil in a large nonstick pan over medium-high heat. Crumble in the ground turkey. Sprinkle with anise seed and salt. Cook for 5–10 minutes to brown, stirring occasionally.

5 Meanwhile, when the water comes to a boil, add pasta to boiling water. Cook according to package directions for the shortest recommended time, about 10–12 minutes.

6 Add vegetables to cooking turkey. Reduce heat to medium. Cook and stir 10 minutes until all vegetables are soft, but not browned. Add tomato paste, and simmer for an additional 5–10 minutes. (Continue to optional step 7 if including the optional ingredients; otherwise, skip to step 8.)

turkey bolognese with shell pasta (continued)

Optional step: While the pasta and turkey mixture cooks, strain mushrooms, draining unabsorbed wine directly into the turkey mixture. Place mushrooms on a cutting board and chop finely, or place in food processor and pulse once or twice to more finely chop mushrooms. Stir mushrooms into turkey mixture. Simmer for 10–15 minutes to blend flavors.

Drain pasta. Add pasta to turkey mixture (the minimum internal temperature of cooked turkey should be 165 °F). Stir to blend well.

Divide pasta mixture evenly (about 2 cups each) among four dinner plates. Top each with 2 tablespoons of shredded parmesan cheese.

**Tip:** Serve with a side of sliced fresh tomatoes, cucumbers, and balsamic vinegar.

lemon and garlic pasta with pan-seared scallops

for a delicious and quick meal, this pasta and scallops dish will hit the spot

1 large lemon, grated for zest (and freshly squeezed for 2 Tbsp lemon juice)
1 Tbsp garlic, minced or pressed (about 2–3 cloves)
2 Tbsp olive oil, divided into two 1-Tbsp portions
16 large sea scallops (about 1 lb)
\( \frac{1}{4} \) tsp salt
\( \frac{1}{8} \) tsp ground black pepper
8 oz very thin spaghetti (vermicelli or angel hair)
2 Tbsp shredded parmesan cheese

1 In a 4-quart saucepan, bring 3 quarts of water to a boil over high heat. When the water boils, reduce heat to simmer until you’re ready to cook the pasta (step 5).

2 While the water is heating up, use a grater to take off small peels of the skin of the lemon into a small saucepan. Cut the lemon in half and squeeze the juice into the pan and remove pits. Use the back of a large spoon to press the inside of the lemon to extract more juice. Add the garlic and 1 tablespoon of the olive oil to the saucepan. Stir to blend well. Place on stovetop on low heat.

continued on page 77
Heat a large nonstick pan or grill pan on high temperature until very hot. Sprinkle the scallops with salt, pepper, and 1 tablespoon of olive oil. Toss to coat well.

Place the scallops in the hot pan. Cook about 4 minutes on each side, or until scallops are well browned and firm and milky white to the center (to a minimum internal temperature of 145 °F).

After turning the scallops to the second side, drop the pasta into the boiling water. Set temperature on medium, and cook for 2 minutes or the shortest recommended time according to package directions.

When the pasta is done, set aside ½ cup of the cooking water. Drain the pasta. Return drained pasta to the pot, and toss with the warm olive oil mixture and the ½ cup reserved pasta water.

Divide the pasta equally among four plates (about 1 cup per plate). Top each with four scallops.

Garnish each dish with ½ tablespoon of shredded parmesan cheese. Serve immediately.

**Tip:** Delicious with a side of Baby Spinach With Golden Raisins and Pine Nuts (on page 107).

lentils with **brown rice and kale**

for a different flavor and even more fiber and protein, try quinoa in place of the brown rice; quinoa (pronounced KEEN-wah) is a grain native to South America.

*For lentils and kale:*
- 1 C brown lentils, rinsed
- ¼ tsp salt
- ⅛ tsp ground black pepper
- 4 C kale, with heavy stems removed, rinsed and dried

*For brown rice:*
- 1 C instant brown rice, uncooked (for quinoa, follow cooking instructions on box)
- ¼ tsp salt
- ½ tsp dried basil

*For onion:*
- 2 Tbsp olive oil
- 2 C onion, diced
- ¼ tsp salt
- ⅛ tsp ground black pepper

1. Rinse lentils thoroughly in a fine wire colander, and remove any stones or debris.
2. In a 4-quart saucepan, cover lentils with 2½ cups of water. Add salt and pepper. Cover, and bring to a boil over high heat. Reduce heat. Simmer for 15 minutes (until adding kale in step 5).
3. In another saucepan, bring 2 cups of water to a boil. Add rice, salt, and basil. Cover, and cook for 10 minutes. Set aside.
4. In a medium sauté pan, warm olive oil over medium heat and add onion, salt, and pepper. Cook and stir until the onion pieces become soft and dark brown (caramelized), but not burnt. If the onions start to stick to the pan, add a few drops of water and scrape the onions loose. Keep cooking until onions are completely caramelized (about 10–15 minutes total). Remove from pan and set aside.
5. After the lentils have cooked for 15 minutes, lightly place the kale on top of the lentils. Do not stir. Cover. The kale will steam while the lentils continue to cook, for another 15 minutes.

6. When the lentils are tender, but not mushy, mix the lentils, kale, and caramelized onions in the sauté pan and stir.

7. To serve, put 1 cup of the lentil mixture, in the form of a ring, on each of four dinner plates. Fill the center of each ring with one-fourth of the brown rice. Serve immediately.

broccoli with asian tofu

the wonder of tofu is that it takes on the flavor of your favorite marinade

Prep time: 20 minutes
Cook time: 20 minutes

1 pkg (16 oz) firm tofu, drained
2 Tbsp lite soy sauce
1 tsp sesame oil (optional)
½ Tbsp brown sugar
1 Tbsp fresh ginger root, finely chopped or shredded (or 1 tsp ground)
1 lb fresh broccoli, rinsed and cut into individual spears
1 Tbsp peanut oil or vegetable oil
¼ tsp crushed red pepper
4 Tbsp garlic, peeled and thinly sliced (about 8 cloves)
1 Tbsp sesame seeds (optional)
Cooking spray

1 Slice tofu into eight pieces. Place on a plate or flat surface covered with three paper towels. Top with four more paper towels. Top with another flat plate or cutting board. Press down evenly and gently to squeeze out moisture. Throw away paper towels. Replace with fresh paper towels and press again. (The more liquid you remove, the more sauce the tofu will absorb.)

2 Place tofu in a bowl just big enough to hold all eight pieces lying on their widest side without overlapping.

3 In a small bowl, combine the soy sauce, sesame oil, brown sugar, and ginger into a marinade, and stir thoroughly. Pour over tofu. Carefully turn the tofu several times to coat well. Set aside.

continued on page 91
Meanwhile, heat a large nonstick sauté pan coated with cooking spray. Add broccoli and sauté for about 5 minutes, until it turns bright green and becomes tender and crispy. Remove broccoli from pan and set aside.

5. Heat a grill pan or flat sauté pan over high heat. Drain tofu, reserve marinade. Place on grill pan to heat for about 3 minutes. Gently turn. Heat the second side for 3 minutes.

6. At the same time, in the sauté pan over medium-low heat, warm the peanut oil, crushed red pepper, and garlic until the garlic softens and begins to turn brown, about 30 seconds to 1 minute. Add broccoli and reserved marinade, and gently mix until well-coated.

7. Place two slices of tofu on each plate with one-quarter of the broccoli and marinade mixture. Sprinkle with sesame seeds (optional).

**Tip:** Delicious served on top of brown rice or Asian-style noodles (soba or udon).

caribbean pink beans

this dish stays healthy by using beans prepared without lard or other fat

1 lb dried pink beans
2 medium plantains, finely chopped
1 large tomato, rinsed and finely chopped
1 small red bell pepper, rinsed and finely chopped
1 medium white onion, finely chopped
1½ Tbsp garlic, minced (about 3 cloves)
1½ tsp salt

1. Rinse and pick through beans for rocks and other debris (discard these). Put beans in large pot, and add 10 cups of water. Place pot in refrigerator, and allow beans to soak overnight.

2. Place the soaked and drained beans in a large pot with enough water to cover them by about 1 inch. Boil gently with lid tilted until beans are soft, about 1 hour. Add more water while beans are cooking if water level drops below the top of the beans.

3. Add plantains, tomato, red pepper, onion, garlic, and salt. Continue cooking at low heat until plantains are soft.

4. Serve warm.

Tip: Try serving with a whole grain, such as Quinoa With Paprika and Cumin (on page 118).

tofu stir-fry with spicy sauce

have all your ingredients cut and ready to go, because when the cooking starts, things happen really fast!

1 pkg (16 oz) firm tofu, drained
1/4 tsp ground cayenne pepper
1/2 tsp ground ginger or pumpkin pie spice (or try Chinese five-spice mix)
3 Tbsp light teriyaki sauce
1 tsp sesame oil (optional)
1 can (14 1/2 oz) low-sodium chicken broth or vegetable broth, divided
1 Tbsp cornstarch
1 Tbsp canola oil, divided into three 1-tsp portions
1/2 head Chinese (napa) cabbage, rinsed and cut in 1/2-inch strips (6–8 C)
1 C scallions (green onions), rinsed and sliced
1 Tbsp garlic, minced or pressed (about 2–3 cloves)
1 C carrots, peeled, thinly sliced or shredded
1 C red bell pepper, rinsed and sliced
1 can (8 oz) water chestnuts, sliced

1. Slice tofu lengthwise into four pieces. Place on a plate or flat surface covered with three paper towels. Cover with three more layers. Press evenly and gently with a flat plate or cutting board to squeeze out water. Throw away paper towels. Replace with fresh paper towels and press again. Restack the slices and cut into 1/2-inch wide strips. Place tofu in a bowl just big enough to hold all strips lying on their widest side without overlapping.

2. In a small bowl, combine cayenne pepper, ginger (or pumpkin pie spice/Chinese five-spice mix), teriyaki sauce, sesame oil (optional), and 1/2 cup of the chicken broth. Stir well, and then pour over the tofu. Set aside for 20 minutes.

3. Combine the remaining chicken broth and the cornstarch. Stir until cornstarch dissolves. Set aside.

4. In a large wok or large nonstick pan, heat 1 teaspoon of canola oil until very hot, but not smoking. While the pan heats, drain tofu marinade into cornstarch mixture.

5. Place half the tofu slices in the hot pan. Cook just until brown, about 1 minute per side. Remove from pan and set aside. Repeat with 1 teaspoon of oil and remaining tofu.

continued on page 97
Add the last teaspoon of oil to the pan. Stir in half the cabbage, beginning with the stalk end, the scallions, and the garlic. Cook and stir over high heat for 2 minutes.

Add the carrots, red pepper, and remaining cabbage. Cook and stir for 1 minute.

Add the water chestnuts and tofu. Cook and stir for 1 minute.

Stir the cornstarch mixture, then add to the pan. Reduce heat to medium. Cook and stir for 1 minute, until sauce thickens and all ingredients are well mixed and thoroughly coated with sauce. Serve immediately.

**Tip:** Delicious with steamed rice or Asian-style noodles (soba or udon).

asparagus with lemon sauce

lemon sauce makes fresh asparagus the perfect side dish for fish, scallops, chicken, or meat dishes.

20 medium asparagus spears, rinsed and trimmed
1 fresh lemon, rinsed (for peel and juice)
2 Tbsp reduced-fat mayonnaise
1 Tbsp dried parsley
⅛ tsp ground black pepper
⅛ tsp salt

1 Place 1 inch of water in a 4-quart pot with a lid. Place a steamer basket inside the pot, and add asparagus. Cover and bring to a boil over high heat. Reduce heat to medium. Cook for 5–10 minutes, until asparagus is easily pierced with a sharp knife. Do not overcook.

2 While the asparagus cooks, grate the lemon zest into a small bowl. Cut the lemon in half and squeeze the juice into the bowl. Use the back of a spoon to press out extra juice and remove pits. Add mayonnaise, parsley, pepper, and salt. Stir well. Set aside.

3 When the asparagus is tender, remove the pot from the heat. Place asparagus spears in a serving bowl. Drizzle the lemon sauce evenly over the asparagus (about 1½ teaspoons per portion) and serve.

cauliflower with whole-wheat breadcrumbs

this side dish is rich in flavor, but low in calories

1 slice  whole-wheat bread
1 medium cauliflower head, rinsed
¼ tsp  salt
1 Tbsp  soft tub margarine
⅛ tsp  ground black pepper

1 Place the bread in a toaster oven on very low heat. Toast as long as possible without burning (about 5 minutes).
2 While bread toasts, trim leaves and stalks from cauliflower. Cut into individual florets.
3 Place 1 inch of water in a 4-quart pot with lid. Insert steamer basket, and place cauliflower in basket. Sprinkle with salt. Cover. Bring to a boil over high heat. Reduce heat to medium. Steam for 5–8 minutes, until easily pierced with a sharp knife. Do not overcook.
4 While cauliflower steams, break toast into small pieces. Pulse toast in food processor until medium-sized crumbs form. Tip: If you don’t have a food processor, break or crush the toasted bread into finer pieces or buy whole-wheat breadcrumbs and use 2 tablespoons.
5 When cauliflower is done, remove from heat. Melt margarine in another pan over medium heat. Add breadcrumbs and pepper. Cook and stir, about 5 minutes. Add cauliflower to pan with breadcrumbs. Toss until well coated. Serve immediately.

creamy squash soup with shredded apples

this quick-to-fix soup is bursting with warm-you-up-flavor—serve with a crisp green salad and crusty whole-wheat bread

2 boxes (16 oz each) of frozen pureed winter (butternut) squash
2 medium apples (try Golden Delicious or Gala)
1 Tbsp olive oil
½ tsp pumpkin pie spice
2 cans (12 oz each) fat-free evaporated milk
¼ tsp salt
⅛ tsp ground black pepper

1. Place the frozen squash in a microwave-safe dish. Cover loosely. Defrost in the microwave on medium power for 5–10 minutes, until mostly thawed.

2. Meanwhile, peel then shred the apples using a grater or food processor, or peel and finely chop apples into thin strips. Set aside ¼ cup.

3. Warm oil in a 4-quart saucepan over medium heat. Add all but ¼ cup of the apples. Cook and stir until apples soften, about 5 minutes.

4. Stir in thawed squash and pumpkin pie spice.

5. Add the evaporated milk about ½ cup at a time, stirring after each addition.

6. Season with salt and pepper.

7. Cook and stir over high heat just until soup is about to boil.

8. Ladle into individual soup bowls. Top each with a tablespoon of the unused apples. Sprinkle with additional pumpkin pie spice if desired, and serve.

Tip: For chunkier soup, try two bags (14 oz each) frozen diced butternut squash. Or, cut a fresh butternut into small chunks, and place in a microwave-safe dish covered with 1 inch of water. Microwave on high for 5–10 minutes, or until squash is tender and can be easily pierced with a fork. Remove skin. Place squash in blender until desired consistency.

pesto baked polenta

instant whole-grain cornmeal (polenta), available in most grocery stores, provides a unique twist on a traditional Native American dish—and it’s quick to fix.

1/4 tsp salt
1/8 tsp ground black pepper
1 C fine yellow (instant) whole-grain cornmeal (polenta)
3/4 C shredded parmesan cheese
1/4 C pesto sauce

1. Fill a 4-quart saucepan with 3 cups water; add salt and pepper. Cover. Bring to a boil over high heat.
2. When water boils, reduce heat to medium. Using a whisk or rubber spatula, quickly stir in cornmeal (polenta), cheese, and pesto sauce. Continue stirring until well blended and thick, about 1 minute.
3. Remove from heat. Pour the cornmeal mixture into an 8-inch pie pan or oven-safe dish. Spread evenly with the back of a spoon. Let stand until firm, about 5 minutes.
4. Preheat oven to 400 °F. Bake polenta until heated through, about 10 minutes. Remove from oven.
5. Cut into eight wedges. Serve hot.

appendix b.

food preparation glossary

This appendix contains definitions for common cooking and food preparation techniques that are used in *Keep the Beat™ Recipes: Deliciously Healthy Dinners*. 
cooking

sauté, pan fry, or stir fry

To cook food quickly (for just a few minutes), in a small amount of fat (oil, butter, etc.), in a sauté pan or wok over direct heat. Foods that are commonly sautéed include meats, poultry, and vegetables.

boil

To heat a liquid until bubbles break the surface (212 °F at sea level, lower at altitude). Boiling is a common way to cook foods such as pasta, sauces, and vegetables.

simmer

To cook food gently in liquid at a temperature that is just below the boiling point so that tiny bubbles just begin to break the surface. Foods are typically brought to boil over high heat, and then the heat is reduced to simmer with a lid on the pan/pot to finish the cooking. Foods that are commonly simmered are sauces, rice and some other grains, and dried beans.

brown

To cook for a short period of time over high heat at the beginning or end of cooking, often to enhance flavor and texture, and create a nice cooked look. Browning is usually done on the stovetop, but also may be achieved in a broiler. Foods that are typically browned include meats, casseroles, and anything that needs quick melting and crisping on top.

bake

To cook food in an oven, thereby surrounding it with dry heat. To ensure an accurate cooking temperature, it can be helpful to use an oven thermometer. Many ovens bake either hotter or cooler than their gauges read. Foods that are commonly baked include seafood, meats, casseroles, vegetables, and baked goods (breads, cakes, pies, etc.).

broil

To cook food directly under or above a very hot heat source (~500 °F). Food can be broiled in an oven, directly under the gas or electric heat source, or on a barbecue grill (known as “char-broiling”) directly over charcoal or gas heat. Foods that are typically broiled include meats, poultry, and seafood.

grill

To cook directly over a heat source on metal racks or rods or on a special grill pan. Meats, poultry, seafood, vegetables, and even some fruits grill beautifully.
**cutting**

**chop**
To cut food with a knife or food processor into fine, medium, or coarse, irregular pieces.

**cube**
To cut food into uniform pieces, usually ½ inch on all sides.

**dice**
To cut food into smaller uniform pieces, usually ⅛ to ¼ inch on all sides.

**mince**
To chop food into tiny, irregular pieces.

**slice**
To cut food into flat, usually thin slices from larger pieces.

**julienne**
To cut food into thin slices about ⅛ inch thick and about 2 inches long.

frequently asked questions (FAQs)

**Question:** What if I can’t find certain ingredients in my supermarket? Can I substitute other ingredients for them?

Some recipes have ingredients that may not be available in every supermarket across the country or may cost more than you want to pay. Here are some suggestions for alternatives:

- **Fish sauce:** For 1 tablespoon of fish sauce, use ½ tablespoon anchovy paste (see below), ½ teaspoon soy sauce, and 1 teaspoon stock or broth.

- **Hoisin sauce:** For 1 tablespoon Hoisin sauce, substitute ½ tablespoon lite soy sauce, 1 teaspoon sugar, and ¼ teaspoon ground ginger.

- **Mirin:** Substitute any sweet white wine or a generic white wine with a pinch of sugar.

- **Rice vinegar:** Substitute white wine vinegar.

- **Asian hot chili sauce:** Substitute regular chili sauce.

- **Green curry paste:** For 1 tablespoon green curry paste, substitute ½ tablespoon yellow curry powder thinned with 1–2 teaspoons water.

- **Ginger root:** For 1 tablespoon fresh ginger root, substitute 1 teaspoon ginger powder. Fresh ginger root also can be stored in the freezer for up to 1 year and grated as needed.

- **Anchovy paste:** Use an equal amount of mashed canned anchovy fillets.

**Question:** What is the meaning of all the different product nutrient label claims?

One of the best ways to find heart healthy products is to check the food labels. Here are some terms to look for per labeled serving to find products lower in sodium, fat, cholesterol, and calories.

**Sodium**

- **Sodium-free:** Less than 5 milligrams (mg) of sodium per serving
- **Very low sodium:** 35 mg or less of sodium per serving
**Low-sodium:** 140 mg or less of sodium per serving

**Low-sodium meal:** 140 mg or less of sodium per 3½ ounces

**Light (or lite) in sodium:** At least 50 percent less sodium per serving than the regular version

**Reduced or less sodium:** At least 25 percent less sodium per serving than the regular version

**Unsalted or no salt added:** No salt added to the product during processing, but this is not necessarily a sodium-free food

If you can't find products labeled "low-sodium," compare the Nutrition Facts panels on available products to find the one with the lowest amount of sodium.

**Fat**

**Fat-free:** Less than ½ gram (g) of fat per serving

**Saturated fat-free:** Less than ½ g of saturated fat and less than ½ g of *trans* fat per serving

**Low-saturated fat:** 1 g or less of saturated fat and 15 percent or less calories from saturated fat per serving

**Low-fat:** 3 g or less of fat per serving

**Reduced fat:** At least 25 percent less fat per serving than the regular version

**Light in fat:** Half the fat per serving (or less) than the regular version

**Cholesterol**

**Cholesterol-free:** Less than 2 milligrams (mg) cholesterol and less than 2 grams (g) of saturated fat per serving

**Low cholesterol:** 20 mg or less cholesterol and less than 2 g of saturated fat per serving

**Reduced or less cholesterol:** At least 25 percent less cholesterol than the regular version and less than 2 g of saturated fat per serving
**Calories**

**Calorie-free:** Less than 5 calories per serving

**Low-calorie:** 40 calories or less per serving

**Low-calorie meal:** 120 calories (or less) per 3½ ounces

**Reduced or less calories:** At least 25 percent fewer calories per serving than the regular version

**Light (or lite):** Half the fat (or less) or a third of calories per serving of the regular version

**Question:** How do I cut meat across the grain?

If you have ever wondered what it means to cut meat “against the grain,” here is your answer.

Some cuts of meat have distinct fibers in them, which make the meat difficult to chew. Flank steak (typically used to make London broil), skirt steak, and brisket are good examples. Cutting through the fibers or grain in the meat makes it tender and easier to chew.

The picture at right shows the lines of the steak running from right to left down the length of the steak. If you slice this steak in the same direction as those lines, you’ll have to chew through the fibers. Whereas if you cut across the lines or the grain, the knife will have already done that work before a bite reaches your mouth.

When slicing this type of meat, it is often recommended to slice thinly at a 45-degree angle, as shown.
Question: How do I zest a lemon or orange?

Zest is the colorful outer rind on a lemon or orange (not the white pith underneath, which is bitter). There are several ways to grate citrus peel:

- Use a regular vegetable peeler to make thin, larger slices.
- Use a citrus zester, which has a stainless-steel edge with a series of sharp-edged holes that cut off thin strips of the peel.
- Use a microplane, or flat grater, which allows you to shred multiple small strips of peel faster and with less pressure than a regular grater or citrus zester.

Question: What herbs can be used to substitute for an herb I don’t have on hand?

Although each herb has its own unique flavor, many herbs can be substituted for one another. Here are some fresh or dried herb alternatives to try:

- For sage: Try savory, marjoram, or rosemary.
- For basil: Try oregano or thyme.
- For thyme: Try basil, marjoram, oregano, or savory.
- For mint: Try basil, marjoram, or rosemary.
- For rosemary: Try thyme, tarragon, or savory.
- For cilantro: Try parsley or coriander.

temperature rules for safe cooking
**temperature rules for safe cooking**

Make sure you cook and keep foods at the correct temperature to ensure food safety. Bacteria can grow in foods between 40 °F and 140 °F. To keep foods out of this danger zone, keep cold foods cold and hot foods hot. Use a clean food thermometer and measure the internal temperature of cooked food to make sure meat, poultry, and egg dishes are cooked to the temperatures listed below. For more information on food safety, please visit [www.isitdoneyet.gov](http://www.isitdoneyet.gov).
