

## Featured Sessions

Please visit the [ATS website](#) for the most up-to-date information.

### ***Sunday, May 15***

#### **Lora Reineck, MD, MS**

**Outside Organization Session:** L2: Sepsis Research at NHLBI  
Room 2006/2008 (West Building, Level 2), Moscone Center  
12-1pm PDT

#### **Aaron Laposky, PhD and Aruna Natarajan, MD, PhD**

**Outside Organization Session:** L6: Prematurity Ventilatory Control: The Pre-Vent Study and Its Potential Legacy  
Room 3001/3003 (West Building, Level 3), Moscone Center  
12-1pm PDT

#### **Marrah Elizabeth Lachowicz-Scroggins, PhD, and Louis Justine Vuga, MD, MPH, PhD**

**Outside Organization Session:** L7: Advances in Rare Lung Disease Research: Preclinical Pulmonary Fibrosis (Prepf) and Genetic Disorders of Mucocilliary Clearance Consortium (GDMCC)  
Room 3005/3007 (West Building, Level 3), Moscone Center  
12-1pm PDT

#### **Elizabeth Oelsner, MD and Lisa Postow, PhD**

**Outside Organization Session:** L8: The Collaborative Cohort of Cohorts for COVID-19 Research (C4R)  
Room 3006/3008 (West Building, Level 3), Moscone Center  
12-1pm PDT

#### **Nicholas S. Hill, MD and Lei Xiao, MD, PhD**

**Outside Organization Session:** L9: Latest Discoveries from the NHLBI PVDOMICS Program in Patients with Pulmonary Hypertension  
Room 3010/3012 (West Building, Level 3), Moscone Center  
12-1pm PDT

#### **Gustavo Pacheco-Rodriguez, PhD**

**Poster Discussion:** A107-416: Microenvironment Regulates CD44v6 Expression and Disease Progression in LAM  
Room 212-214 (South Building, Level 2), Moscone Center  
2:15-3:45pm PDT

### ***Monday, May 16***

#### **Samuel B. Goldfarb, MD and Aruna Natarajan, MD, PhD**

**Basic Science Core:** B7: Early Pulmonary Complications of Pediatric Stem Cell Transplant  
Room 2006/2008 (West Building, Level 2), Moscone Center  
9:30-11am PDT

**Roy G. Brower, MD and Lora Reineck, MD, MS**

**Outside Organization Session:** L16: NHLBI Prevention and Early Treatment of Acute Lung Injury (PETAL) Network  
Room 3005/3007 (West Building, Level 3), Moscone Center  
12-1pm PDT

**James D. Crapo, MD and Lisa Postow, PhD**

**Outside Organization Session:** L17: Assessing COPD Progression; Disease Trajectories in COPD; Advances in COPD Imaging; COVID-19 in COPD; and Proteomics in COPD  
Room 3006/3008 (West Building, Level 3), Moscone Center  
12-1pm PDT

**Michelle Freemer, MD, MPH**

**Outside Organization Session:** L18: Empowerment Collaborations to Reduce Childhood Asthma Disparities: Baseline Data for Three Communities  
Room 3010/3012 (West Building, Level 3), Moscone Center  
12-1pm PDT

***Tuesday, May 17***

**Han Wen, PhD**

**Poster Discussion:** C30: Quantitative CT Metrics Associated with the Dispersion in Diffusion Capacity of the Lung in Recovered Patients from COVID-19 with Clear Chest CTs  
Room 2022/2024 (West Building, Level 2), Moscone Center  
9:30-11am PDT

**Sidd Shenoy, PhD**

**Scientific Symposium:** C90: How Funders are Adapting to Recent Challenges to Strengthen Early Career Development  
Room 2014/2016 (West Building, Level 2), Moscone Center  
3:20-3:35pm PDT

***Wednesday, May 18***

**Lisa Postow, PhD and Prescott Woodruff, MD, MPH**

**Outside Organization Session:** L20: New Findings From the Subpopulations and Intermediate Outcome Measures in COPD II (SPIROMICS II) Study  
Room 3014 (West Building, Level 3), Moscone Center  
12-1pm PDT

**Marishka K. Brown, PhD and Susan S. Redline, MD, MPH**

**Outside Organization Session:** L24: The Pediatric Adenotonsillectomy Trial for Snoring (PATS)  
Room 3006/3008 (West Building, Level 3), Moscone Center  
12-1pm PDT

**Sara Lin, PhD**

**Outside Organization Session:** L25: The Molecular Atlas of Lung Development (LUNGMAP), Phase 2

Room 3001/3003 (West Building, Level 3), Moscone Center  
12-1pm PDT

**Matthew Craig, PhD**

**Outside Organization Session:** L26: The NHLBI IPF Models Consortium  
Room 3005/3007 (West Building, Level 3), Moscone Center  
12-1pm PDT
