

COVID-19 Community-Engaged Research Roundtable Agenda

DATE: Friday, July 10, 2020

TIME: 12:00 – 4:00 pm Eastern

12:00 – 12:15 pm

Opening Session

Dr. Gary Gibbons, Director, National Heart, Lung, and Blood Institute (NHLBI), will frame the current state of research response to the COVID-19 pandemic and the need for implementation research to examine various approaches for positioning appropriate COVID-19 response strategies effectively within communities of greatest need and to inform clinical and public health practice.

12:15 – 1:30 pm

Session I: Building Trusting Relationships with Underserved Communities in the Short-term for Long-Term Sustainability

Moderator: Lenora Johnson, Office of Science Policy, Engagement, Education, and Communications (OSPEEC), NHLBI, NIH

Exec Sec: Cindy Miner, OSPEEC, NHLBI, NIH

What are the central issues to address to help build trusting relationships with underserved communities and HLBS researchers in order to advance diversity & inclusion in our clinical research and to maximize the benefits of research findings to the community through sustained adherence to evidence-informed prevention & treatment interventions for COVID-19?

Session I Speakers

- **Barbara Israel** – *University of Michigan, Detroit Community-Academic Urban Research Center*
- **Sacoby Wilson** – *University of Maryland*
- **Mahasin Mujahid** – *University of California, Berkeley*
- **Victor Sutton** – *Mississippi State Department of Health*
- **David Wilson** – *Tribal Health Research Office, NIH*
- **Bill Riley** – *Office of Behavioral and Social Science Research, NIH*

Clarifying questions, discussion & synopsis

Agenda continued on next page >

COVID-19 Community-Engaged Research Roundtable Agenda

1:30 – 2:30 pm

Session II: Building a Community-Engaged Implementation Research Strategy

Moderator: David Goff, Division of Cardiovascular Sciences (DCVS), NHLBI, NIH

Exec Sec: Gail Pearson, DCVS, NHLBI, NIH

What are the key scientific questions that, if answered, stand to have impact for community-engaged research on COVID-19? What could be prioritized as having the most short-term feasibility and impact?

Session II Speakers

- **Karina Davidson** – *Northwell Health*
- **Michele Andrasik** – *Fred Hutchinson Cancer Research Center*
- **Olveen Carrasquillo** – *University of Miami*
- **Marcia O’Leary** – *Strong Heart Study Dakota Field Center*
- **Garth Graham** – *Aetna Foundation, CVS Health*

Clarifying questions, discussion & synopsis

2:30 – 3:45 pm

Session III: Building a Community Implementation Science Network of Networks

Moderator: George Mensah, Center for Translation Research and Implementation Science (CTRIS), NHLBI, NIH

Exec Sec: Kate Stoney, CTRIS, NHLBI, NIH

How can a network of community health organizations, networks of primary care practice-based research networks (PBRNs), community-based participatory research centers, and other community and local stakeholders be developed, leveraged, and sustained to maximally benefit from the outcomes of initiatives such as ACTIV, RADx, and OWS?

Session III Speakers

- **Jack Westfall** – *Robert Graham Center*
- **Jonathan Tobin** – *Clinical Directors Network*
- **Brian Mittman** – *Kaiser Permanente, University of California, Los Angeles
Clinical and Translational Science Institute*
- **Valerie Montgomery-Rice** – *Morehouse School of Medicine*
- **COL. Nelson Michael** – *Walter Reed Army Institute of Research*
- **Harlan Krumholz** – *Yale University*

Clarifying questions, discussion & synopsis

COVID-19 Community-Engaged Research Roundtable Agenda

3:45 – 4:00 pm

Next Steps, Adjournment

- **Remarks: Eliseo Perez-Stable**, *National Institute on Minority Health and Health Disparities, NIH*
- **Remarks: Gary H Gibbons**, *NHLBI, NIH*
- **Adjournment: George Mensah**, *CTRIS, NHLBI, NIH*
